PROJECTS

Created some websites to practice and master the skills what I have learnt so far. (Fully-Responsive). I have done different landing pages but these are that I like the most

- <https://bakhtiyordev.github.io/kalium-hotel/>
- <https://bakhtiyordev.github.io/kalium-university/>
- <https://bakhtiyordev.github.io/koala-agency/>

Animations on web pages . (Fully-Responsive). Other my works are in my [Github Profile](#).
(<https://github.com/BakhtiyorDev>)

- <https://bakhtiyordev.github.io/car-animation/>
- <https://bakhtiyordev.github.io/github-cat/>
- <https://bakhtiyordev.github.io/newtons-cradle>
- <https://bakhtiyordev.github.io/dropdown-menu-types/>
- <https://bakhtiyordev.github.io/wave-3D/>

INTERESTED IN

- Participate in the assessment of the [designs and user requirements](#)
- Participate effectively in the process of work
- [Work with](#) other [team members](#) to share an experience in different fields
- Communication
- Responsive design ([desktop, tablet, mobile](#))
- Animations on web pages ([Simple and Attractive](#))
